History of TFCC de Weirijders

Our club, established in September 1983 lies in the city of Tiel. The name "De Weirijders" originated when the founders of the BMX club were allocated a small meadow on Peppellaan in Tiel in 1983 to start BMX racing. BMX racing was very popular during those years, and soon it became apparent that the terrain at Peppellaan was too small. In 1985, a new location was found at the Hennepe in Tiel. Over the years, the BMX tracks became more challenging, partly due to the Olympic status, and with the starting hill getting higher. This necessitated the Weirijders to once again search for a new location again to keep up with the sport's development and to provide enough challenge for riders aiming to compete at the (inter)national level.

After a long search for a suitable location and financial resources, the new location on Schaarsdijkweg in Tiel was allocated. In 2017 and 2018, the new Cycling Sports Center "de Betuwe" was constructed with financial assistance from the Province of Gelderland and the Municipality of Tiel. Besides the BMX track, there is also a 1600-meter enclosed cycling track and cyclocross course belonging to cycling club JVR de Batauwers. This new location offers many more possibilities and soon after its opening in March 2018, the Weirijders membership grew, making it one of the largest BMX clubs in the Netherlands.

Throughout its existence, the Weirijders have had several European and World champions in the club, including riders such as Pieter Breddels, Maartje Hereijgers, Viviana van Hees, Jaymio Brink, Dorus Brink and Richard van Zomeren.

2. TRACK DETAILS

The track was built in 2018 by a former member of the Dutch National BMX team Sander Bisseling in cooperation with ideas from Yann Bonici, Thomas Hamon, Richard van Zomeren and Dorus Brink.

Since it's opening the track went through a couple of changes created by Ewoud Stam, owner of ESSBL. The 5-meter hill, equipped with a Pro Gate starting gate, serves as the start of the track with an extremely fast first section. The Challenge section offers a technical but flowy whole. The pro-section offers big jumps including a big step-up, a true challenge for the Championship classes. The third section includes a gathering of jumps, where the very technical rider will excel. Finishing off with our last section, which is flowy and will be the thrilling end of loads of finals.

3. THE CITY OF TIEL

Tiel is one of the ten oldest cities in the Netherlands, centrally located in the heart of the Betuwe region. This area is well known for its delicious fruit. Get to know Tiel's city mascot, Flipje, the fruit character. Explore the historic centre with its charming shopping streets that reminds you of the Hanseatic period. It's very pleasant there, with different shops, restaurants and cafes, as well as beautiful parks and city gardens.
